

## Co-Branding with Remarkably Resilient Together™ (RRT)

1. Remarkably Resilient Together provides a fund-raising opportunity for non-profit organizations. Non-profit partners can choose to co-brand the card decks and Reflective Journal (as described in 2. below). RRT will print the co-branded cards and journals and provide them to your organization at a fixed cost (both decks of cards and one Reflective Journal) PLUS shipping charges. Your organization can then provide these to others for a donation to your organization equal to your cost plus.
2. The RRT Reflective Journal can be co-branded as follows:
  - a. Add an introductory letter from your organization (page 3)
  - b. Add your organizational donation URL and QR code to the inside front cover
  - c. Add your organizational logo to the back cover
  - d. Add your organizational logo to the final page of the journal
3. Costs associated with co-branding are absorbed by RRT.
4. RRT will include on our main webpage a list, by state, of non-profit partnering organizations so individuals that hear us speak or present can choose which partner they wish to donate to in order to receive the RRT materials. RRT will only make these materials available directly to organizations not permitted to make donations, i.e. governmental entities.

For more information, contact Kathleen Harnish-McKune [kathleen@teamtechinc.com](mailto:kathleen@teamtechinc.com) or 913-706-8797.

Remarkably Resilient® and Remarkably Resilient Together™ are owned and created by TeamTech, LLC, a Shawnee, KS women-owned small business.
